Financial Report

Library and Information Association of South Africa (LIASA)
Public and Community Libraries Interest Group (PACLIG)

Independent Review of Receipts and Payments 1/9/2010 – 31/08/2011

I have performed an Independent review of the attached receipts and payments account for the year 1 September 2010 to 31 August 2011. In my opinion based on the independent review performed, the receipts and payments account correctly reflects the bank account transactions of the organisation. I have no reason to believe it does not reflect the business transactions of the organisation and in my opinion these are fairly stated.

Treasurer's Report

The attached Financial Report on Receipts and Payments was compiled from the books and records of the organisation. They fairly reflect the financial situation of the organisation at 31 August 2011.
